

## **Internship in Art History Research (6 months)**

**Location of Job:** Zurich/Lausanne, Switzerland

**Starting date:** As soon as possible

The Zurich based startup Art Recognition AG has developed an AI algorithm to authenticate artworks and detect forgeries.

We are a passionate team of specialists with our office in [The Garage](#), one of the most vibrant and innovative collaborative working spaces of Zurich. The company is looking for a highly motivated intern to join the team for a duration of 6 months.

### **Responsibilities:**

- Performs research on artists and artworks, consulting various catalogues as well as through web-based databases.
- Provide expert input on artists' oeuvre, for example changes in style across the artists' career
- Assists with maintaining and updating our internal database of artworks.
- Performs other duties as requested.

### **Skills and Knowledge:**

- Enrolled in a bachelor's or master's program (preferably in art history)
- Computer skills, especially Microsoft Office
- Must be a well-organized, detail-oriented individual, able to multitask and manage deadlines
- Excellent verbal and written communication
- A good level in English (spoken & written).
- Interest at working at the frontier of art and data science

**We are happy to assist you, should you be willing to pursue your own research project. You are welcome to profit from our expertise, present your research findings, and seek support from interested staff.**

### **To Apply:**

Send us your resume at [careers@art-recognition.com](mailto:careers@art-recognition.com) and we'll get back to you shortly.
